CAPABILITY STATEMENT

RemDoc is one of the Leading Document Remediation Services for Accessibility in the Public & Private Sector

Built from the ground up with accessibility in mind – the most scalable and reliable service on the planet – RemDoc helps organizations of all sizes bring their digital documents into compliance. From one to thousands of pages, PowerPoint to Word files, in any language, and everything in between. You can rest assured that you're in good hands with us.

RemDoc helps public sector organizations achieve and maintain ADA accessibility for WCAG and Section 508 compliance standards using proven technology and best practices. Our remediation services provide peace of mind and ongoing support to help agencies identify, document, and address ADA violations.

Leading public sector organizations like the Department of Health & Human Services (HHS) and National Institutes of Health (NIH) used RemDoc to remediate their digital documents for accessibility – with unparalleled service and 24/7/365 U.S. based support. We pride ourselves in doing it right the first time, every time.

CORE COMPETENCIES

- Over a decade of experience working with a wide range of government agencies on complex, large-scale document remediation projects.
- Specialized in document remediation to meet Web Content Accessibility Guidelines (WCAG), Americans with Disabilities Act (ADA), and Section 508 compliance.
- Efficiently correct color contrast & color use issues, write & add alternative (alt) text to images, properly add tag structure to content, manually ensure correct reading order, and pass Adobe Accessibility, PAC3, and HHS 508.
- Routine testing with assistive technologies (AT), JAWS and NVDA, to ensure accessibility compliance is met.
- We meet many of the accessibility standards and legislations listed below:

WCAG 2.1 AA

PDF/UA

HHS

Section 508

ADA

KEY DIFFERENTIATORS

- **24/7/365 U.S. based team** ensuring project success, security, and interface with your organization
- **DHS Office of Accessible Systems & Technology Certified** in authoring accessible documents and trusted tester
- **Proven commitment to service and integrity** with 99% customer satisfaction and 100% guaranteed compliant

Certified Accessibility Report

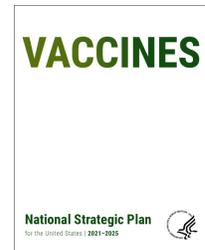

PAST PERFORMANCE

Department of Health and Human Services (HHS)

Project: National Strategic Plan for the United States

Remediate PDF Available: [HHS-Vaccines-Report.pdf](#)

Scope of Work: RemDoc received this 49-page National Strategic Plan PDF for document remediation where we recommended color changes to ensure color contrast minimum requirements were met, wrote alt text to describe the images, and added accurate tags to all content, including the 90+ citations, to make a Section 508 compliant PDF.

National Institute of Health (NIH)

Project: National Eye Institute Strategic Plan

Remediated PDF Available: [NEI-StrategicPlan-VisionForTheFuture_508_edit.pdf](#)

Scope of Work: RemDoc received this 80-page Strategic Plan for document remediation where we resolved the color contrast issues, wrote alt text to describe the images, and added accurate tags to all content to make it a Section 508 compliant PDF.

Maryland Department of Health

Project: Comprehensive Cancer Control Plan

Remediated PDF Available: [Cancer-MD-Maryland_FINAL -1.pdf](#)

Scope of Work: RemDoc received this 133-page Cancer Control Plan PDF for document remediation where we recommended color changes to ensure color contrast minimum requirements were met, wrote alt text to describe the images, and added accurate tags to all content, including the 300+ in-text citations, to make a Section 508 compliant PDF.

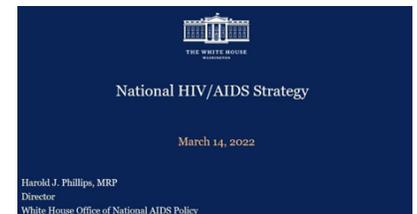

The White House

Project: National HIV/AIDS Strategy

Remediated PDF Available: [Harold-Phillips-PACHA-Day-1.pdf](#)

Scope of Work: RemDoc received this 20-page PowerPoint presentation for document remediation where we resolved the color contrast issues, converted the PowerPoint to a PDF file, wrote alt text to describe the images, and added accurate tags to all content to make a Section 508 compliant PDF.
